

Parent Testimonial

"Anthony, Chloe and I arrived at Bryden back in 2015 and so my children started in the Early Learning Centre and have gone onto the "big" school, and they have just blossomed. From the moment we arrived we have felt at home at Bryden; the teachers and Bryden community are like one big family; so warm and welcoming, and we have made such wonderful lifelong friendships.

As a previous employee and current parent at Bryden Country School I can talk from a unique perspective. Bryden is such a special school to me and my little family. Their motto of Respect, Responsibility and Reliability has never been more true; my children have been moulded into well-rounded, respectful, responsible and reliable kids full of curiosity and confidence.

The teachers are passionate and committed to teaching each and every child and helping them reach their full potential whilst realising their strengths and weaknesses and helping them to be the best they can be.

What do we love most about Bryden? EVERYTHING! Katie Turner

Bryden Country School offers a broad, academic, cultural, sporting and social foundation to fulfil the individual potentials of all pupils in a happy and disciplined environment. We are a family-orientated, Zimbabwean, co-ed, weekly boarding and day scholar school for children between the ages of 5 and 12 years old.

Choosing the right school is one of the most important decisions in life for both parents and pupils. We believe that ours is a special and unique environment in which pupils can realise their full potential. Our words are no substitute for the real thing. We encourage you to fully appreciate our School by visiting our campus, meeting our teachers, and truly experiencing the Bryden Country School that we love.

As pupils progress through school, it is important to ensure they develop essential skills, knowledge and understandings in a range of disciplines. We want parents, families and communities to support their children's learning at home and in school, and to value education as a powerful driver for future success and fulfilment.

Academics

- * Association of Trust Schools,
